

NO NEED TO WAIT FOR YOUR BIN!

IT STAYS COLD FOR

DID YOU KNOW?

SPUD ensures your groceries arrive cold packed so they stay cold and fresh for up to 6 hours at your doorstep. Meaning you don't have to wait around at home for your delivery to arrive!

HOW ARE SPUD BINS PACKED?

FROZEN ITEMS

Frozen items are carefully packed with dry ice to ensure that your freezer items are still frozen when you put them away. Be sure not to touch the dry ice with your bare hands.

FRIDGE ITEMS

Refrigerated items like milk, yogurt, and cheese are packed with frozen gel packs in temperature controlled sleeves to ensure they stay below four degrees until you are able to put them in the fridge
